

# 2021 IMPACT REPORT

*Helping pets and people stay together*

Pets and people belong together. Either one can fall on hard times. Sometimes that means people in our community struggle to keep their pets fed, healthy and by their side. And other times that means giving shelter, care and treatment to those who are vulnerable and have yet to find a home. No matter their circumstances, people and pets can turn to Dakin for help, thanks to your love for animals.

## LIVES CHANGED

- 1,666** animals found new families
- 329** cats and kittens were helped by the Kitten Street Team (KST)
- 130** people were coached through the KST

## UNWAVERING COMMITMENT

- 49,357** hours of volunteer work, valued at **\$1,408,649** supporting pets and people who love them
- 1,609** animals admitted were placed in **foster care**

## PROVIDING SUPPORT

- 61,908** pounds of pet food distributed through Pet Food Aid Program
- 8,720** spay/neuter surgeries performed to enhance pet wellness
- 1,277** people counseled on rehoming options

We envision a world where services that support the human-animal bond are accessible to all and companion animals are no longer vulnerable. **Thank you for sharing our vision.**

**Because you love animals and care about their outcomes,** feral cat populations are curbed through spay/neuter surgery, people facing food insecurity can feed their pets because of the Pet Food Aid Program, and animals needing pre-adoption medical attention are treated through our Program for Animal Wellness (PAWS). In 2021, your support enabled us to perform the following **specialty surgeries for animals in desperate need:**

**PAWS**  
Program for Animal Wellness

- 11 Amputations
- 11 Miscellaneous surgeries
- 46 Dentals
- 10 Enucleations (eye removals)
- 15 Mass removals
- 4 Polyp/Nasal Flushes
- 19 Wound Care

*PAWS also covers all medications, medical supplies, lab work and behavioral plans.*
